What are some companies that manufacture alloy cable trays

Overview

Need lightweight, corrosion-resistant cable management? Discover leading aluminium cable tray manufacturers for industrial applications. Compare suppliers and get custom quotes today!

Key Takeaways

Several global manufacturers specialize in alloy cable trays, including Atkore, Snake Tray, Legrand, and Chalfant Manufacturing.

Leading Manufacturers

Atkore International is a major global provider of cable tray systems, offering a wide range of alloy-based solutions suitable for industrial, commercial, and petrochemical applications. Their Cope brand is particularly known for durable galvanized and alloy trays. Snake Tray manufactures aluminum and steel cable trays, providing innovative cable management solutions for data centers, solar installations, and transit projects.

Their products are designed for cost-effectiveness and ease of installation. Legrand Group offers alloy cable trays under the Cablofil brand, including wire mesh and perforated trays that are adaptable for various industrial and commercial applications. They are recognized for high-quality standards and compliance with international certifications.

Chalfant Manufacturing specializes in high-quality alloy cable trays, including walkable and self-connecting lines, tailored for heavy-duty industrial use. Their products emphasize durability and compliance with industry standards. Other Notable Manufacturers include: PT Trias Indra Saputra – provides reliable alloy cable ladder and tray systems for indoor and outdoor applications.

Sunil Engineering Corporation – offers perforated and ladder alloy trays with customized solutions.

ELCO

N Cable Trays Pvt. Ltd. – manufactures wire mesh, ladder, and perforated alloy trays along with accessories. Team Trench – specializes in pre- and post-galvanized alloy cable trays for industrial installations.

Regional Considerations

Europe: Niedax Group (Germany) and Spina Group (Italy) are known for advanced alloy cable trays suitable for construction, energy, and transportation sectors. North America: Eaton Corporation and Schneider Electric provide robust alloy and galvanized cable trays for industrial and commercial projects. Asia: Several manufacturers, including PT Trias Indra Saputra and Sunil Engineering, focus on high-quality alloy trays for diverse environments.

These companies offer a variety of alloy cable trays, including ladder, perforated, wire mesh, and walkable designs, often accompanied by accessories and fittings to support complex installations. Their products are widely used in industrial, commercial, and infrastructure projects where durability, corrosion resistance, and compliance with international standards are critical.
