Indonesia

Jaya Bersama Sentosa (JBS) – Heavy-duty, corrosion-resistant mesh trays for industrial applications, ISO certified. Baja Karya (BAKA) – Galvanized and stainless steel trays meeting ISO and SNI standards. Powerwell Indonesia – Customizable, high-quality trays with ISO and CE compliance.

P

T Trias Indra Saputra – Offers reliable cable tray systems for indoor and outdoor applications, emphasizing quality and durability.

Malaysia

Malaysian manufacturers focus on compliance with rigorous quality standards, producing mesh trays suitable for both domestic and international projects.

Other Notable Asian Manufacturers

Jeetmull Jaichandlall (P) Ltd. – Recognized for high-quality wire mesh cable trays, available in various sizes and shapes, with modern manufacturing facilities and strict adherence to industry standards.

ELCO

N Cable Trays Pvt. Ltd. – Manufactures and exports wire mesh, ladder, and perforated trays with accessories, emphasizing customization and high-quality fabrication.

Key Considerations

Certifications: Look for ISO, CE, UL, or local standards compliance to ensure quality and safety. Material and Durability: Stainless steel or galvanized mesh trays are preferred for corrosion resistance and long-term performance. Customization: Many manufacturers offer tailored solutions for complex installations or specific industrial requirements.

Global Supply: Asian manufacturers often provide competitive pricing and climate-resilient designs suitable for international projects. These manufacturers represent some of the most reliable sources for high-quality mesh cable trays in Asia, suitable for industrial, construction, and energy applications.
