What are some domestic manufacturers of optical fiber cables for smart buildings in the UAE

Overview

Naficon – Leaders in Fiber Optic Connectivity in the UAE and The As a locally rooted UAE manufacturer, Naficon is committed to supporting the defense secto.

Key Takeaways

Leading UAE manufacturers of fiber optic cables for smart buildings include Arabian Fiber Optic Cable Manufacturing (AFOC), Naficon, GEC, DME Prolink, and HELUKABEL. Key Manufacturers1.

Arabian Fiber Optic Cable Manufacturing LL

C (AFOC) AFOC is a UAE-based manufacturer specializing in high-quality fiber optic cables suitable for smart building applications. Their product range includes 900µm Tight Buffered fibers, Armoured Fiber Optic Cables, and ADSS Cables, designed for easy installation, high tensile strength, and compliance with fire safety standards. The company operates a plant in Umm al-Quwain and serves both commercial and large-scale infrastructure projects.

2. Naficon Naficon, with its parent company in Finland, manufactures optical cables, patch cords, panels, and cabinets. They are ISO9001 certified and cater to telecom, data centers, and utility sectors, making them suitable for smart building networks requiring high reliability and performance.

3. Global Emirates Cables & Systems Industries (GEC) GEC provides a wide range of fiber optic cables for outdoor, aerial, and indoor applications. They offer customized solutions and end-to-end services, including design and installation support, which is ideal for smart building integration.

4.

DME Prolink DM

E Prolink, part of ECS Global Wire and Cable, manufactures optical fiber cables, patch panels, and keystone jacks. Their products meet ISO/IEC, ANSI/TIA standards and undergo strict quality inspections, ensuring suitability for structured cabling in modern buildings. 5.

HELUKABEL HELUKABE

L is a well-established supplier of fiber optic cables and related accessories. They provide a broad portfolio of fiber optic, data, and coaxial cables, with ISO9001 certification and advanced testing facilities, supporting high-speed connectivity in smart building environments.

Additional Considerations

When selecting a manufacturer for smart building projects, consider: Cable type: Single-mode (OS2) or multi-mode (OM3/OM4) depending on network requirements. Fire safety and compliance: Especially for indoor installations. Customization and support: Some manufacturers offer tailored solutions and installation assistance.

Certifications: ISO9001, UL, CE, and RoHS ensure quality and safety standards. These manufacturers provide reliable fiber optic solutions that can support high-speed data transmission, structured cabling, and future-proof smart building networks in the UAE.
