Where can I find manufacturers of fiber optic splice boxes

Overview

You can find fiber splice boxes and distribution boxes in the EFB-Elektronik online shop with a wide range of matching distributors, module racks, subracks and accessories.

Key Takeaways

Several manufacturers and distributors offer fiber optic splice boxes in stock, including EFB-Elektronik, Fibertronics, DIAMOND (via Fiber Products GmbH), LAPP, and Pinanson. Key Manufacturers and DistributorsEFB-Elektronik provides a wide range of fiber splice boxes and distribution boxes, both pre-assembled and unassembled, directly from stock. They also offer customized solutions through their own fiber optic production facility, ensuring fast delivery and technical support for structured IT cabling projects.

Fibertronics, Inc. offers horizontal and vertical splice closures suitable for indoor and outdoor applications. Their products include high-quality splice trays and accessories, all available online with same-day shipping to meet tight project deadlines.

Fiber Products Gmb

H (DIAMOND) supplies modular splice systems, including 1U fusion boxes, 3U/4U ODF systems, DIN-rail boxes, and wall distribution modules. These use the DIAMOND E-2000® CompactRJ connector system and come with a 5-year manufacturer warranty. They provide fast delivery in the DACH region and offer expert consultation to select the right form factor based on fiber count and mounting environment.

LAP

P offers splice boxes designed to protect spliced fibers, facilitate maintenance, and provide organized cable routing. Their products ensure secure storage for splice protection devices and are suitable for various fiber optic network installations. Pinanson provides lockable aluminum splice enclosures with SC connectors, customizable color, and direct printing options for logos or text.

These enclosures are suitable for professional installations requiring secure and visually identifiable fiber management.

Considerations for Selection

Type of installation: Wall-mounted, DIN-rail, or rack-mounted depending on space and accessibility. Fiber count and connector type: Ensure compatibility with your network requirements (e.g., SC, E-2000® CompactRJ). Environmental protection: Indoor vs. outdoor rated enclosures.

Customization needs: Some manufacturers offer color, labeling, or logo printing. Delivery and stock availability: Check for pre-assembled units for faster deployment. These manufacturers and distributors provide reliable, in-stock options for fiber optic splice boxes suitable for FTTH networks, data centers, and large-scale telecom infrastructure.
