Where is the Namibian mobile optical cable warehouse

Overview

Google MapsSearch for places, businesses, or addresses and explore locations on Google Maps. Electric | Swanib Cables (pty)ltd, Electrical Supplies, Swanib.

Key Takeaways

The Namibian mobile optical cable warehouse is located at Niehoff Electrical Warehouse in Windhoek, Namibia. Niehoff Electrical Warehouse serves as a key supplier of electrical and fiber optic cables in Namibia, providing products for residential, commercial, and industrial applications. The warehouse is situated at Epic Park, Unit 14, Gold Street, Prosperita, Windhoek, Namibia and can be contacted via phone at 083 330 6383 or email jurgens@niehoff.com.na for inquiries regarding cable availability and distribution.

This facility specializes in high-quality optical cables, making it a central hub for telecom infrastructure projects, including mobile and fiber optic network deployments. Other major suppliers in Namibia, such as Swanib Cables, also distribute fiber optic and electrical cables to the mining, utilities, and telecom sectors, but specific warehouse addresses are not publicly listed. For telecom projects, companies like MTC, Paratus, and Telecom Namibia rely on such warehouses to source fiber optic cables for network expansion, including subsea cable landings and urban fiber deployments.

Niehoff Electrical Warehouse is therefore a primary point of access for mobile optical cable storage and distribution in Namibia.
