Which company makes cable trays in Kuwait

Overview

Cable Tray System – Kuwaiti Al Nafe Group for General Trading. Alnafaa Group is a pioneer Kuwait based GRP FRP tray manufacturer in the industry. Besides.

Key Takeaways

Kuwait has several established local manufacturers of cable trays, including Al Nafe Group, Bahman Group, EBOMAC, and Almeer Industries, offering a wide range of materials and custom solutions.

Al Nafe Group

Al Nafe Group is a Kuwait-based pioneer in FRP/GRP cable tray manufacturing, specializing in ladder and perforated cable trays. Their products are made from glass-reinforced thermoset fire-resistant resins, providing high corrosion resistance, electrical insulation, UV resistance, and low thermal conductivity. They offer a comprehensive range of fittings, including bends, tees, reducers, coupler plates, expansion plates, and cover clamps.

Al Nafe Group also manufactures FRP cable ducts and GRP covers compatible with chemical storage tanks, making them suitable for industrial and infrastructure projects.

Bahman Group

Located in the Shuwaikh Industrial area, Bahman Group operates one of the largest cable tray manufacturing facilities in Kuwait. They produce GI (galvanized iron) cable trays, ladders, trunking, and enclosures for local projects and infrastructure. Their products are widely used in Ministry projects, hospitals, and Kuwait University construction projects.

Bahman Group emphasizes high-quality, cost-effective solutions and has decades of experience in the local market.

EBOMACEBOMA

C, established in 1979, is primarily known for electrical switchboards but also manufactures cable trays in Kuwait. They provide medium and low voltage switchgear along with cable management solutions, offering tailor-made products to meet local regulations and project requirements.

EBOMA

C focuses on quality, technical excellence, and local support, making them a reliable option for industrial and commercial installations.

Almeer Industries

Almeer Industries designs and manufactures high-quality cable trays for commercial and industrial construction. Their systems are suitable for power distribution and communication cables, providing flexibility for future wiring changes. Almeer Industries emphasizes continuous investment in technology and infrastructure to maintain product quality and innovation.

Summary

For projects in Kuwait, these local manufacturers provide a variety of materials (FRP, GRP, GI, steel, aluminum), tray types (ladder, perforated, trunking), and custom fittings. Selection can be based on corrosion resistance, fire retardancy, project scale, and compliance with local standards. Al Nafe Group is ideal for corrosion-prone environments, Bahman Group for large-scale infrastructure projects, EBOMAC for integrated electrical solutions, and Almeer Industries for flexible commercial installations.
