Which company makes the best fireproof cable trays in Iraq

Overview

Electro Design (ED) Iraq | Cable Tray, Cable Ladder & Electrical EnExplore our new projects and innovative designs for your enclosure. Electro Design (ED).

Key Takeaways

Protik, Cable House, and Kanza Iraq are among the top providers of fire-resistant cable trays in Iraq.

Leading Companies

Protik is recognized for its channel-type cable trays, which are fully enclosed and resistant to fire. These trays are made from materials such as fiberglass, steel, aluminum, and stainless steel, providing durability and protection from dust and fire hazards. Protik's trays are designed for short to medium spans and offer easy installation with pre-punched holes, making them a cost-effective and labor-saving solution for industrial and commercial projects in Iraq.

Cable House is another reputable manufacturer in Iraq, known for producing high-quality cable trays with a focus on durability, reliability, and long operating life. Their products are manufactured using graded raw materials and modern technologies, ensuring compliance with industry standards. Cable House offers a wide range of cable trays suitable for fire-resistant applications and provides competitive pricing for large-scale projects.

Kanza Iraq provides advanced cable tray systems designed for demanding construction and industrial applications. Their production line emphasizes consistent quality, reliability, and timely delivery, making them a strong choice for projects requiring fireproof and robust cable management solutions. Kanza Iraq also offers custom solutions and technical support for specific project requirements.

Additional Suppliers

Electro Design (ED Iraq) and RAK Solutions also supply cable trays and ladders suitable for industrial and infrastructure projects. While their focus is on overall cable management, they provide durable and organized systems that can support fire-resistant installations when specified.

Recommendation

For projects in Iraq requiring fireproof cable trays, Protik is particularly noted for its fire-resistant channel trays, while Cable House and Kanza Iraq offer high-quality, durable alternatives with strong local support. Choosing between them depends on project scale, material preference, and installation requirements.
