Brilltech Engineers manufactures high-quality cable trays in Zambia using materials such as galvanized steel, stainless steel, and fiberglass. Their trays are designed for enhanced safety, airflow, and cable protection. They offer perforated trays for better cooling and provide installation support, system design assistance, and expert guidance for both small and large projects.

4.

ASM

L Africa – R-Line Cable Trays and Ladders ASML Africa offers R-Line cable trays and ladders designed for industrial and commercial environments in Zambia. Their products are corrosion-resistant, durable, and suitable for indoor and outdoor applications. They focus on easy installation, structural integrity, and seamless integration into existing infrastructure, making them ideal for power distribution and data network management.

Considerations for Selection

Material: Choose between steel, stainless steel, or fiberglass based on environmental conditions and load requirements. Customization: Many manufacturers offer tailor-made solutions to fit specific project needs. Certifications: ISO-certified manufacturers ensure compliance with quality and safety standards.

Installation Support: Some suppliers provide guidance on system design, installation, and maintenance. For procurement, you can contact these manufacturers directly via their websites or customer service channels to discuss specifications, pricing, and delivery options.
