Zimbabwe 10 Gigabit Industrial Switch Manufacturer

Overview

Welcome to Coscoms Africa, your one stop supplier of Advanced Business Communication Technology Solutions in Zimbabwe and Southern Africa.

Key Takeaways

Nemstech, Fusertech, Electro Zimbabwe, Flint Electrical, and Nyeredzi Global Technologies are key suppliers of industrial and enterprise networking switches in Zimbabwe, potentially including 10 Gigabit models.

Key Suppliers

Nemstech Supplies offers a wide range of switching solutions for enterprise networks, data centers, and industrial applications. Their portfolio includes managed and unmanaged switches, PoE and non-PoE options, and products from major brands such as Cisco, Trendnet, Tenda, Ubiquiti, Cudy, and Mikrotik, which may include 10 Gigabit industrial switches. Fusertech provides networking equipment including routers, switches, and cables for business and industrial use.

They focus on reliable performance and may carry high-speed switches suitable for 10 Gigabit connectivity. Electro Zimbabwe specializes in electrical components for industrial projects, including switchgear and high-quality switches. While primarily focused on electrical distribution, they also supply networking solutions for industrial environments.

Flint Electrical supplies industrial and domestic switches, wiring accessories, and switchgear. They stock products from global brands like Schneider Electric and Legrand, which often include high-performance networking switches suitable for industrial applications. Nyeredzi Global Technologies is a leading networking company in Zimbabwe offering consultations and solutions for enterprise and industrial networks.

They can assist in sourcing 10 Gigabit switches and provide technical support for deployment. Considerations for 10 Gigabit Industrial SwitchesManaged vs Unmanaged: Managed switches offer advanced features like VLANs, QoS, and network monitoring, which are essential for industrial networks.

Po

E Support: Power over Ethernet simplifies installation for devices like IP cameras and access points. Port Configuration: Industrial switches may come in 8, 16, 24, or 48 ports, with some supporting SFP+ modules for 10 Gigabit uplinks. Brand Selection: Cisco, Ubiquiti, and Mikrotik are commonly available in Zimbabwe and offer 10 Gigabit industrial models.

For sourcing, it is recommended to contact these suppliers directly to confirm availability of 10 Gigabit industrial switches, request quotations, and verify technical specifications suitable for your industrial network requirements.
